

HIRE & RETAIN a skilled workforce with JJC's Registered Apprenticeship Program!

Cybersecurity
Help Desk Technician
Network Administration
Web Development
& More

Apprenticeship = Workforce Solution

Joliet Junior College is the sponsor of a Registered Apprenticeship Program through the United States Department of Labor (U.S. DOL) in the information technology sector.

A variety of industry-approved occupations are available.

Benefits of Partnering with JJC!

Recruitment

Gain access to a diverse applicant pool of individuals interested in information technology careers.

Reduced Training Costs

JJC has grant funds available to cover the cost of tuition, fees and books for your apprentices.

Turn-Key Program

JJC's team manages all of the paperwork and tracking required by the U.S. DOL for your program.

Tax Credit

You'll receive information about the Illinois tax credit that is available to companies who hire apprentices.

Program Flexibility

Your apprenticeship program can be designed to train both **new hires** or **upskill your current staff**.

Employee Development

In addition to IT industry certifications, employees will also earn a nationally recognized credential from the U.S. DOL upon successful completion of their program.

Promotion & Outreach

We will promote your company and apprentice(s) through a variety of media platforms.

It's a Win-Win!

There are no fees for your company to partner with JJC's Registered Apprenticeship program.
